

Volunteering to Inspire Young People

24th June St Georges C of E Primary
Queen's Parade,
Bristol BS1 5XJ

27th June Crockerne Primary School
Westward Drive, Pill
28th June Bristol North Somerset
BS20 0JP

5 to 8 year olds want to meet people from the world of work.

They need help in working as a team to build mini land yachts to race across the hall floor.

They want to find out about materials and engineering.

Engineering could mean improving their team or improving their machine so this suits people from all sectors.

No prior knowledge or specialist skills are needed.

Can you support for a day?

Find out how to get involved
