

Bristol Harbour Festival Family Activities at M Shed Saturday 27th Sunday 28th July

‘Sailing to Newfoundland’ - build a boat based on the voyage of The Matthew and test its speed on land. Each boat takes about 20 minutes to build, trim and sail - £5.00 per boat working with a shipwright to make a boat that you keep.

Build a ‘Ship Shape and Bristol Fashion’ model boat fit for sailing on open water, based on Bristol’s famous ‘Pilot Cutter’. £30 working with the shipwright’s help or £25 take the kit away to build at home.

Build and fly a model aeroplane based on Bristol’s aviation heritage - £15 working with an aviation designer to build and fly with radio control. You keep the airframe
